Combined BA in Environmental Studies and MA in Environmental Resource Policy

Why ENRP?
- Flexible — enroll as a full-time or part-time student; take classes in the evening to accommodate jobs and internships.
- Multidisciplinary — curriculum includes environmental sciences, environmental economics, law, public policy, and research methods.
- Practical — apply theory and classroom concepts to a real-world environmental policy issue in the professional, client-based capstone project.

Why BA/MA?
- Apply up to 12 credits towards both your Environmental Studies BA and your ENRP MA. These credits are “double-counted.”
- Save money on graduate school tuition by double-counting credits.
- Earn a Master’s degree in only one additional full year of academic study (fall and spring semesters, plus one summer).
- Continue studying at GW!

Eligibility Requirements:
1) Completed more than 75 undergraduate credits by time of application.
2) GPA greater than 3.5 Environmental Studies courses OR cumulative GPA greater than 3.4

Application Components:
- Statement of purpose (500 words) describing the applicant’s intellectual interests and academic and professional goals.
- Full transcripts of all undergraduate coursework (unofficial transcript of GWU courses accepted).
- Recommendation letter written by a professor who instructs one of the courses required for the Environmental Studies major or the Director of the Environmental Studies program who can provide an informed assessment of the applicant’s work. The recommender should send this letter directly to the Director of Graduate Studies of ENRP, Nancy Augustine.
- Interview with the Director of Graduate Studies and/or the Program Director of ENRP.

The application deadline is May 1. Interested students should speak with David Rain (drain@gwu.edu), Director of the Environmental Studies program, or Nancy Augustine (nya@gwu.edu), ENRP Director of Graduate Studies, before applying.
